WEATHER PROBABILITIES.—For this section: showers; cooler; easterly winds.

**SUSPENDED.**—Wm. H. Travers, over-seer of the chain gang, was to-day suspended from duty by Mayor Strauss until next Friday when he is summoned to appear and show cause why he should not be removed from office. Travers, it is alleged, allowed a colored man named William Dade, who had been fined \$50 for a murderous assault on a Chinaman, to go home last Saturday, and also is accused of offering to release prisoners from the gang upon the payment of certain sums considerably under those of the bidders, besides on sundry occasions of allowing prisoners to escape from duty by his custody. During the progress of the examination there were several exciting scenes, the accused becoming defiant, interrogating the witnesses and on one occasion calling one of them a perjurer in the most conventional form. The Mayor finally told him he was unfit for the office he held, when he retorted in language decidedly contemptuous. He was fined \$30 for this and locked up in default of payment, but was subsequently released. On one occasion during the examination Travers controverted a statement made by Capt. Webster, which produced so much indignation in the latter that he replied in language forcible and to the point.

**ALEXANDRIA.**—A correspondent of the Baltimore Sun who recently visited the encampment of the United Confederate Veterans' organization at Houston, Tex. has written an interesting description of the trip, in which he speaks in glowing terms of Virginia and the new life she is enjoying, the progress of the State, etc. He thus expresses his observations in passing through Alexandria:

"Leaving the nation's capital and crossing the Potomac, the first city to greet the eye of the observer is Alexandria, which is now putting on new life and regaining much of her former business importance. New industrial enterprises, new business houses and many handsome new residences attest that the ancient city is in the race for business and wealth. The heights overlooking the city are being dotted with pretty houses and the tillable lands are being brought to a high degree of productivity."

**MARRIED IN WASHINGTON.**—William K. Nash, of this city, an engineer's yeoman, on board the United States steamer Dolphin, and Miss Hattie E. Chichester, of Fairfax county, applied for a license to marry yesterday at the city hall in Washington. He was dressed in full sailor's costume, and, with the bride, who is a remarkably pretty girl, attracted the attention of the lawyers that were on legal business about the clerk's office. She was dressed in white, and looked nice enough for a church wedding. Nash has a brief leave on shore, and the couple immediately set out for a minister, preparing to make the most of it, notwithstanding the sultry weather.

**ALLEGED BURGLAR CAUGHT.**—Richard Stewart, colored, who has been dodging the police for the past two weeks, was located in Washington yesterday, where he was arrested. This morning Officer Griffin went to that city and brought him here. He will be turned over to the Fairfax authorities for trial. Stewart, it will be remembered, is accused of being concerned in the burglary of Mr. F. F. Burd's store, corner of Franklin and Patrick streets, recently. A quantity of postage stamps were stolen at the time and a few days later he went into several stores in this city and endeavored to dispose of the stamps.

**POLICE COURT.**—Mayor Strauss presiding.—The following cases were disposed of this morning:

Frank Bryant, colored, arrested by Officers Hayes and McCuen for assaulting John Lee, colored, was fined \$3.

**THE PROPOSED NEW CHURCH.**—The first quarterly conference of the M. E. Church South was held at the parsonage last night. The meeting was largely attended. The request of the church conference of Wednesday night—that the congregation be allowed to build a new church—was granted by a unanimous vote. Rev. J. T. Williams, pastor of the church, and Messrs. George R. Hill, W. H. May, R. F. Tucker, and A. A. Warfield were appointed a building committee and empowered to erect an edifice at a cost of \$15,000, work to be commenced as soon as three-fourths of that amount has been secured. The committee was also authorized to secure, if deemed expedient, a more suitable site than that occupied by the present church. If it is deemed advisable, however, to retain the present site the demolition of the old structure will be commenced at an early day.

**FOR THE PRIZES.**—At the Episcopal High School on Saturday night contests for the school prizes for reading were held. There were nine contestants and the prizes were won, first, by Wm. Wilder Laird, of Maryland, and second, by Archibald R. Hoxton, of the Episcopal High School.

Last night the contests for the declamatory prizes were held, at which there were also nine contestants. The first prize was won by Fitz Lee Minnigerode, of this city, and the second by Edward W. Robertson, of Louisiana. Both the readings and declamations were good and spirited.

**EXCURSIONS TO RIVERSIDE PARK.**—The Mount Vernon Railway Company will commence this evening running cars to Riverside Park. They will leave the Fayette street depot at 7, 8, 9 and 10 o'clock, and returning will leave the park at 7:55, 8:55, 9:55 and 10:55. The cars are being run for the convenience of all who desire to take a ride down the country in the cool of the evening. The fare will be 10 cents each way. Commutation tickets are still sold by the company at the rate of 10 cents each way between this city and Mount Vernon, when purchased in books of 25 or 50.

**SUCCESSOR ELECTED.**—A meeting of the Board of Deacons of the Second Presbyterian Church was held last night to take suitable action in regard to the death of Mr. Thomas Leadbeater, who for the past quarter of a century had been treasurer of the board. A committee was appointed to prepare resolutions in respect to his memory and the tribute which they reported was adopted unanimously. Mr. John J. Jamieson was elected to fill the vacancy caused by the death of Mr. Leadbeater.
